Pacific Coast Unions Threaten Railways

WANT OWN WAY OR WILL OPPOSE ANY FINANCIAL RELIEF

(BY A. P. NIGHT WIRE.)
CHICAGO, Feb. 17.—Labor today appeared before the Board of Directors in an effort to check the railway executives' financial relief. This drive, B. M. Jewell, chairman of the employees' committee, said, was intended to obscure financial issues at stake, which employees have declared the new-shop movement and an attempt to crush organized labor.

Jewell requested that the employees be allowed until March 14 to complete their rebuttal to the railroads. He also stated that the case be thrown out, and that the points be taken in evidence between the carriers and the employees.

“Unredeemed Japan”

EVERY DAY, CONGRESS TOLD; JINGOES MAY CAUSE WAR

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 17.—Refusal of Japan to make any move toward disarmament until she has completed her battleship and cruiser program, was declared by Representative Miller, Republican, of Washington today to mean preparation by Japan for war “unless the cool-headed statesmen and diplomats of Japan purge the demagogic jingo and junkers that now appear to have the public eye and ear.”

Uttering in a speech in the House the strengthening of Pacific Coast defense, Representative Miller declared that although “every day we hear the rattle of the saber from across the Pacific,” there was no possibility of war between the United States and Japan unless the latter made it.

“It might just as well be understood now, better than at any time in the future,” he added, “that our Pacific Coast States will not and shall not become an ‘unredeemed Japan.’”

Japan, Representative Miller said, need have no fear of aggression from America, as Americans were not planting colonies on her soil.

“Japan’s subjects, however,” he added, “are undertaking and are colonizing ours. We shall reserve unto ourselves at whatever costs the right to say who, when, where and how the alien shall come to us and settle among us.”

“Only the other day our public press carried photographic reproductions of the scenes in Japan where students were putting down the advocates of war with the United States. Curt answers and snubbing bearings toward Americans have already become popular in Japan.” Such was not the case with the thinking and responsible people, he declared, adding, “but many a nation better poised than Japan has been led to war by the clamor and jass of her thoughtless class.”

MUST HAVE BIG NAVY.
(EXCLUSIVE DISPATCH.)
WASHINGTON, Feb. 17.—In a Senate speech today generally interpreted as forecasting the new administration’s policy toward disarmament and related issues, Senator Medill McCormick of Illinois, just returned from a conference with President-elect Harding, declared that the completion of an American Navy comparable in power and varied fighting strength with any other.

Senator McCormick told the Senate that the present agitation led by Senator Borah of Idaho for an agreement to curtail naval building would confuse the public mind.

All second and third class passengers, he said, would be subjected to a thorough physical examination. The baggage is put under heavy sanitary pressure and extraordinary personal cleansing processes have been adopted.

EVERYTHING DIRTY.
(BY A. P. NIGHT WIRE.)
PARIS, Feb. 17.—Thorough measures are being taken in the examination of passengers bound to America from principal European ports so that all sailors may have clean bills of health. It was announced today at a conference of heads of trans-Atlantic steamship companies with Dr. Robert Blue, last Surgeon General of the United States public health service.

All second and third class passengers, he said, would be subjected to a thorough physical examination. The baggage is put under heavy sanitary pressure and extraordinary personal cleansing processes have been adopted.

SALES TAX MAKESHIFT
Opponents Insist It Spells Defeat.

Prodigious Efforts Are Made to Secure its Support by Harding.

He Favors Excess Profits Repeal, but is Neutral on Substitute.

BY ARTHUR SEARS HENNING.
(EXCLUSIVE DISPATCH.)
WASHINGTON, Feb. 17.—Prodigious efforts are being put forth by the advocates and opponents of a Federal sales tax to win the support of President-elect Harding before he formulates the revenue revision recommendations he will bring before the next Congress in his first message to that body.

One faction of Republicans is endeavoring to convince Mr. Harding that a retail sales tax not exceeding 2 per cent would be the most equitable and least burdensome method that could be substituted for the excess profits tax. Another faction is warning him that the imposition of a direct consumption tax of this character would prove as unpopular as to spell the defeat of the Republican party at the next election.

DISCUSSES OUR
NAVY PROGRAM.
Pay Attention to Sea Power,
Says Von Tirpitz.
Country's Growth Industrially
Demands Ship Increase.
Must Give International Trade
Solid Protection.
(BY CABLE AND ASSOCIATED PRESS.)
ST. ELABEN (Baden) Feb. 17.—Admiral Von Tirpitz, German naval
authority, in an interview today dis-
cussed the American naval pro-
gram and its reference to the pro-
spective relations of the United States
with Great Britain and Japan.
"The United States is about to
build a great fleet," he said. "As the
country borders on both the Atlantic
and Pacific, and lacks the only
naval bases, America will presum-
ably give special attention to the
radius of action of her ships. That
holds good equally for battleships
and cruisers, and for sub-
marines and aircraft. In creating
a navy, Americans should remem-
ber that the great decision lies not
with coast defense, but on the sea."
The admiral contrasted America's
position with that of Germany, a
few years ago, and said:
"GROWTH DEMANDS SHIPS."
"America's great industrial growth
and the consequent increase of her
merchant marine require increase of
the navy, and it is my belief America
will not make the mistake Germany
did of trusting the life and pros-
perity of its commerce and indus-
try merely to the brotherly feeling
of the English. It is all very well
to regard the brotherhood of na-
tions as a distant aim, worth striv-
ing for, but meantime Providence
has ordained a rivalry to keep alive
the impulse for national advance-
ment. The United States will be
forced to give their international
trade a solid protection, either
through their own power or by
gaining political friends."
BATTLESHIPS WON WAR.
Battleships won the World War
and will win future wars is the op-
inion of Admiral Von Tirpitz. He re-
affirmed his faith in above-water
draft during an interview here to-
day, and declared that, strangely
enough, owing to the peculiarities of
the war, the submarine had been
given greater importance than was
warranted by the facts.
England, Japan and the United
States recognized the fact, he said,
that in the world struggle for su-
premacy outside of Europe land
forces would be secondary. He as-
serted such a struggle must neces-
sarily be one of supremacy, but
added that the struggle of maritime
forces to be constructed, in the
light of the experiences of the last
war, was a great open question.
NO DECISIVE ACTION.
"There was no decisive action be-
tween opposing fleets during the
World War," he said, "because of
misconceiving the political situation
and poorly assessing the inherent
power of the German fleet. The re-
sult in government did not risk it dur-
ing the decisive first years of the
conflict. When the favorable time
for naval action was past, England
had to suffer directly only from Ger-
man submarines. Against them she
had no preparation."
"In reality, the war, so far as
the sea was concerned, was won by
the English high seas fleet, and the
verdict could have been reversed
only through battleships."
Admiral Von Tirpitz said he had
little patience with the controversy
now raging in England over the
submarine and the surface warship,
and declared it was largely due to
a lack of information among many
disputants, a conflict of personal in-
terests and a "desire on the part of
the English Cabinet to keep the
world ignorant of the real official
views."
LITTLE DEVELOPMENT.
"While submarine engines had be-
come somewhat stronger, and the
boats somewhat more enduring," he
said, "the admirals of the German
fleet, carried on their submarine
campaign for years with virtually
the same craft they perfected in
1915. Further development of the
submarine will be much hampered
until an efficient and uniform motor
can be developed for traveling above
and below the surface. After this
is solved, there will be a question
whether a vessel fitted for surface
water traveling can, in the long
run, compete in general performance
with a surface vessel. I believe the
ship constructor will think the
surface warship will always show a
better general performance."
The necessity for greater protec-
tion of submarines from torpedoes
and the superiority of artillery fire
through the air as contrasted with
attacks under water, was discussed
by the admiral, who said:
"If the artillery projectile main-
tains its superiority among naval
arms, in spite of the torpedo,
one cannot see why battleships and
smaller vessels should become ob-
solete all at once."
The construction and numerical
proportion of the submarine arm of
the service," he continued, "will in-
crease with technical progress, but
at present there is no reason what-
ever to consider the battleship out
of date."
CINCINNATI MOB HEAD

examination, Leo Ferris, rancher,
charged with the murder of William
Abernethy, a neighbor, testified in
his trial today that Abernethy fired
twice at him with a pistol before
he killed Abernethy with a shotgun.
The shooting took place on the Ferris
ranch in Indian Valley, November 17,
in a quarrel over a calf.
A number of character witnesses
testified that Abernethy was quarrel-
some. The case is expected to go to
the jury tomorrow.

WASHINGTON NEWS IN BRIEF.
(EXCLUSIVE DISPATCH.)
WASHINGTON, Feb. 17.—Advocates and opponents of a sales
tax as a substitute for the excess profits tax are striving to win the
support of President-elect Harding.
Senator McCormick of Illinois, in a speech generally interpreted
as forecasting the new administration's policy toward disarmament,
declared against limiting naval building until the United States
Navy attains a strength equal to that of any other in the world.
The House Judiciary Committee will meet Tuesday to consider
charges made by Representative Walcott of Ohio, against Judge Lan-
dis of Chicago, as a basis for impeachment.
Attorneys-general from twenty States have decided to contest
the constitutionality of the Transportation Act and the right of the
I.C.C. to override State statutes as it has done in the recent intra-
state rate cases ordering increases of State rates in accordance with
Federal schedules.
Miss Margaret Wilson, daughter of the President, in a spirited
defense of community centers against recent Congressional attacks,
urges the Women's party to work through the centers in future.
That the good roads law has come to be in many of the States
"a pork barrel" project worse than the rivers and harbors scheme
ever was because "the money has been expended where there evi-
dently was the greatest political influence" was the statement made
on the floor of the Senate today by Senator Townsend of Michigan.

INQUIRY INTO BURIAL OF
MRS. CHAMBERLAIN.
(BY A. P. NIGHT WIRE.)
CHICAGO, Feb. 17.—The inquest
overs Mrs. Nancy Maria Cham-
berlain, whose body was recovered, yes-
terday after her daughter and grand-
daughter had confessed they buried
it in what they termed a "love
grave" in their garden, was con-
tinued today for one week, pending a
post mortem examination.
Mrs. Achash Townsend, known to
her neighbors as Ruth, and Miss
Marian Townsend, the daughter and
granddaughter, kept the coroner's
jury confused with testimony con-
cerning spirits, "the one" and "the
great beyond."
Mrs. Townsend, gray-haired, de-
clared she was a girl of 23, that
Ruth was not her daughter, and
that another Ruth knew all about
the death and burial of Mrs. Cham-
berlain.
"Find Ruth in the great beyond
and she'll be glad to tell you all
about it," she said.
Asked why she buried Mrs. Cham-
berlain, Mrs. Townsend replied that
"power number one" asked it, and
when asked what caused her moth-
er's death, she said "because it was
in the Bible."

(BY CABLE AND ASSOCIATED PRESS.)
BOGOTA (Colombia) Feb. 16.—
Action by the United States Con-
gress relative to the treaty between
that country and Colombia, either
during the present session or in the
extraordinary session to be held after
the inauguration of Mr. Harding,
is expected here, according to news-
paper comments on the situation.
It is stated, however, that negotia-

SPECIAL AT
\$38.00
Only ONE PAIR OF THESE BEDS WILL BE
SOLD TO A CUSTOMER, in order that as many per-
sons as possible may partake of the extraordinary ad-
vantages presented by this surprising offering.
It is a rare opportunity indeed which makes it pos-
sible to procure steel beds of this quality at this aston-
ishingly low price.
They are constructed so firmly that they cannot
"creak." It is as though they were welded in one piece—
no seams or joints to give trouble. These beds are un-
affected by climatic conditions, and ideally sanitary.
They are modeled with a two-inch continuous post
and four "fillers," as the illustration shows.
Remember:—In twin sizes only
—In white enamel only, and
—Only one pair to a customer!

WARRANT FOR PROMOTER
BARES STRANGE TANGLE.
Felony Charge Against Missing Head of Co-operative Hotel Project Starts Inquiry; Much Unaccounted For.
A felony warrant for the arrest of St. Clair Bailey, missing promoter of the Figueroa Arms Co-operative Apartments, and three other apartment-house ventures, yesterday brought to light an amazing and highly complicated tangle of financing the records of which are incomplete and thus far fail to account for \$35,000 of the \$182,000 believed to have been collected.

SOCIETY.
BY VIRGINIA WOODS.

Distinguished Visitor.
Sir Arthur Herbert Drummond, member of the House of Commons, is in the city and is domiciled at the Beverly Hills Hotel. A long-time friend of Mrs. Mary Reed of West Ninth street, his visit is the incentive for several social functions, among them being a dinner and box party at the Mason tomorrow evening, at which Mrs. Carrie Louise Dunning is to entertain. He also is to be honor guest at a dinner that Mr. and Mrs. Frederick Kimball Stearns of Beverly Hills are to give on Tuesday evening. Later he will visit in Santa Barbara, but will return in time for Mrs. Reed's concert at the Ebell Club, on March 2. Mrs. Reed plans after that to entertain for Sir Arthur at several dinner parties.

Told at Tea.
A romance of interest to Southern Californians and Chicago folks was revealed yesterday by the announcement of the betrothal of Miss Kathryn Simmons of Chicago and Mae Blankenhorn of Pasadena. The news is of particular interest to friends in the Bachelors' Club, of which Mr. Blankenhorn is a member. His, too, is the first engagement of any of its members to be revealed since the bachelors' Mardi Gras ball, February 7, at which Miss Simmons was a notable figure.

The secret was revealed by Miss Simmons' mother, Mrs. Francis T. Simmons of Chicago, at a tea given in honor of Mrs. Jerome Eddy of Chicago and to which a company of thirty-five girl friends were asked. The function, a very charming one, was held at the home of the bride-elect's aunt, Mrs. Fred E. Smith of 1234 Hillcrest Drive.

Miss Simmons is the daughter of the late Francis T. Simmons of Chicago, who passed away a year ago. She is a graduate of the Farmington School in Connecticut and is one of the prominent girls in Chicago society.

Sir Blankenhorn is the son of Mr. and Mrs. Louis Blankenhorn, president of the Blankenhorn-Hunter-Dulin Company. Miss Barbara Blankenhorn is his sister. He is also a member of the company of which his brother is head. No date has been set for the marriage.

At Luncheon and Matinee.
Mrs. Robert Irwin Rogers is to entertain today at luncheon at the California Club, later at the Philharmonic concert, having as guests Mrs. Frederick H. Stevens, Mrs. Fred E. Wilcox, Mrs. R. Staats, Mrs. Hasbrouck, Mrs. Walter Henry Rothwell, Mrs. Mary Reed and Mrs. Robert Davis Clarke.

For Mrs. Roberts.
Mrs. James R. Roberts of Kansas City, who is visiting Mrs. Charles H. Sharp and Mrs. Everett H. Seaver, is to be honor guest at a luncheon at which Mrs. Sharp and Mrs. Seaver will entertain today at the California Club. There are to be places for thirty guests. Later members of the company will attend the Philharmonic concert.

For Bride-elect.
In honor of Miss Katherine Reynolds, whose marriage to Edgar Denley will take place the last of next month, Mrs. Albert G. Halphs of Crenshaw Boulevard entertained at luncheon yesterday at the Wilshire Country Club. After luncheon bridge was played. There were thirty guests.

Mrs. Cornell as Hostess.
Mrs. Michael J. Cornell is entertaining today at luncheon at the California Club, to be followed by a large party at the Philharmonic concert.

Mrs. Hook's Luncheon.
Mrs. William S. Hook, Jr., is a luncheon hostess today at her residence and is later to assemble her guests at the Philharmonic concert.

At Buffet Supper.
In compliment to Mr. and Mrs. Albert de Wit, who are leaving this week-end for New York, Mrs. Tyler Tubbs Henshaw gave a musicale and buffet supper party for fifteen guests in her charming new apartments at Fourth and Catalina streets.

For Daughter.
Mrs. Frederick Betts of St. Andrews Place will entertain today in honor of her young daughter, Miss Josephine Betts, and will have as guests members of the senior class of the Girls' Collegiate School.

Wedding Anniversary.
Mr. and Mrs. Carl Ward Swearingen will celebrate their third wedding anniversary at a dinner-dance at the Athletic Club this evening. Their guests will be Messrs. O. G. Singer, Edward Lowy, Harrison Helmerich, Robert C. Camp, Daniel W. Milne, Matthew A. Merrill, B. H. Beery, Miss Maude Richards and W. H. Ball.

At Bal Masque.
Among those who are to entertain parties at the Bal Masque at the Hotel Maryland in Pasadena tomorrow evening are Misses E. Fee, W. F. Jacobs, George H. Maxwell, W. H. Phelps, W. G. Lewis, C. E. Delgish, J. J. Doran, J. T. McLaughlin, E. C. Townsend, Elizabeth Tompkins, John Todd, Misses Virginia Miller and Katherine Abbott and Messrs. Otto Meers, L. T. Roberts, W. D. Hayes, J. P. Harding, J. M. Akers, Jr., C. La Rue Munson and H. P. Randall.

"DESERT RAT" MURDER RECORD LENGTHENED.
BODY OF UNIDENTIFIED MAN WITH CRUSHED SKULL IS FOUND NEAR ROAD.
Another victim was added yesterday to the long list of "desert rat" murders in Southern California when a body of an unidentified man was found near Daguerre.

The man had been dead several months. The crushed skull indicated that he was struck over the head, probably with a heavy instrument.

The victim was a well-built man; there were no clues by which an identification could be made. A spot where the body was thrown is about half a mile from the Stoddard Wells road and nine miles from Daguerre.

The authorities believe the man was a victim of one of the "desert rat" murder gangs and was killed for money. The few clues uncovered last night started the officers on an investigation and may confirm their suspicion that the victim was an eastern tourist on his way to Los Angeles, and was killed while driving his automobile across the desert.

Bullock's Boys' Store

A Good Place For Boys

"Once a Friend—always a Friend!" That's the motto of Bullock's Boys' Store—and not only the Boys but the Parents, as well, know the faculty of Bullock's Boys' Store for making lasting Friendships. Just a few of the "reasons why" are shown below!

Bullock's "Johnny Tupant" Suits \$14.95

Have Two Pairs of Knickers
—And they're regular "Friend Makers"—not because they are "Boys' Suits at \$14.95"—but because they're Suits of such remarkable quality at \$14.95!
—These Suits are man-tailored in the most recent styles. Virgin Wool, the best wool known for service, is used entirely in the making—with extra care given to strengthen the places that receive the greatest wear and strain. The colors are the popular ones and will not fade under the strong rays of the sun. Every suit is a "high class" Suit—and, with the extra pair of Knickers, almost a double period of Satisfactory Service is assured!
—Bullock's "Johnny Tupant" Suits are for regular Boys of 7 to 17 years. At any price they'd be Friend Makers; at \$14.95 they're "record beaters!"
—See them—Today and Tomorrow Morning—on Bullock's Fifth Floor.

Boys' Top Coats \$7.50
—Winter is just about over—but the cool nights—and even the days of Spring create a new need for Top Coats for Boys.
—Bullock's Boys' Store has just received a shipment of Boys' Top Coats especially fitted for just such usage.
—These are of the serviceable Covert Cloth and the ever-popular Blue Serge. The styles are the most recent—and the workmanship is of unquestionable quality—and yet—Bullock's has priced the Coats at but \$7.50!
—The sizes are for Boys of 2½ to 10 years. See these Coats on Bullock's Fifth Floor.

Boys' Caps \$1.50
—Regular Caps in all sizes for Boys—at a price that should prove a worthwhile "Friend Maker." Bullock's—on the Fifth Floor.

New Blouses \$1.00
—A shipment of new Blouses just received and priced for Friend Making at \$1.00 each.
—In both Sports and Col-lar-attached models. Fifth Floor.

For Complete Furnishings for Boys
Bullock's Boys' Store

Girls' Wash Dresses, \$2.50

For Girls of 5 to 10 Years
Mary Jane Pumps, \$2.45
—Three hundred pairs of Patent Colt and Black Kid Ankle Strap Pumps—in sizes 1½ to 2—to be featured—Today and Tomorrow Morning—in Bullock's Store of Shoes for Girls and Boys.
—Bullock's purchased these Pumps several months ago at costs far below the ordinary wholesale marking. A group much, much greater than 300 pairs was offered at prices greatly exceeding \$2.45—and was eagerly welcomed; now with a repricing—Shoes equally good and desirable are priced but \$2.45. This is an opportunity that should not be ignored.
—These are strongly built of good quality leather—have Goodyear Welt soles—and are of good appearance. 300 pairs at \$2.45. Bullock's Fifth Floor.

For Girls of 6 to 14 Years
—One hundred delightful little dresses of Gingham and Chambray—specially purchased at surprising price concessions and, in turn, offered at a small price that makes possible really worth while savings.
—These are made in neat, pleasing models; attractive patterns of plaids and stripes predominate; some plain colors; pink, green, blue, yellow, etc., are included; belts, sashes and pockets of contrasting color lend attractiveness.
—The dresses are good fitting and many different styles in each size are included. Those who would share would do well to remember that there are but 100 dresses to be offered at \$2.50—Today and Tomorrow morning—on Bullock's Fourth Floor.

For Girls of 2 to 16 Years
Fine Philippine Underwear
—When Mothers learned that it was possible at Bullock's to obtain that delightful Philippine Underwear in Garments for Girls—they came hurriedly and shared. New shipments are constantly replenishing stocks—on Bullock's Fifth Floor.

Copp Thinks Infamous Will Take Oath in Charges Against Texas

Stating that he has made formal complaint against Paul Schrader, teacher in the Valley School, and has asked W. W. Tate superintendent of public instruction, to revoke the teaching license of Schrader, Attorney General Andrew J. Copp, attorney and chairman of the Texas state committee of the American Legion, says he will forthwith supply Mr. Wood with his information, and that he is a Los Angeles resident and a resident of Inglewood.

based upon information which was supplied to him by the crown prosecutor, he said. He said he was told that he was dismissed from the city of Antwerp in April, 1917, on a ground that he was an unnatural alien enemy, that he had uttered seditious sentiments regarding the royal state, espoused the cause of the king, refused to buy Liberty bonds, and repulsed a pupil who asked to describe to a Belgian relative.

Mr. Wood stated yesterday that he would start proceedings to have Schraideit removed on the charges. Attorney Coppé declared that he would not agree to the complaint, but said it was not his informant would.

Asked who she was, he said she promised not to make known his identity until it became certain charges had been made.

LINEBERGER'S LEAD IS HELD.

Congressman Randall Banta
by More Than Eleven
Thousand Votes.

MaJ. Walter F. Lineberger
defeated Charles H. Randall
for Congressman in the Ninth
District at Tuesday's special
election by more than 11,000
votes. These figures were re-
vealed yesterday when Regis-
trar of Voters Lyons an-
nounced the semi-official re-
sults in all precincts in the
district.

The returns give Lineberger
22,847, Randall 21,099 and
Hamilton 1923. The latter's
average was a little better
than three votes to the pre-
dict.

At all times, the commission will officially
be a factor in the Bullock's
matter after midnight on Monday
next.

The city charter requires that ac-
tion approving of a structure over
a public street must be made within
fifteen days of the date of submis-
sion to the commission of the plans,
and if the commission does not make
a decision within that time limit ac-
tion by the board is deemed un-
necessary.

With the approval of the Mer-
chants' and Manufacturers' Associa-
tion and co-operation of more than
eighty representative business men
of the city, a specially constructed
pavilion will be erected. Results of
the activities of Waldo T. Tupper,
secretary of the Pacific Coast Busi-
ness Show Company, showed that 80
percent of the floor space for ex-
hibits in the pavilion have already
been reserved.

It is the purpose of the manage-
ment of the business show company
to gather under one roof exhibits of
every kind of office equipment, ap-
pliances and services for the better
conduct of business machinery. Ad-
mission will be free, but on the
presentation of tickets only.

A feature of the show will be the
California State school typewriting
contest which will be held on the
opening day. Hundreds of students
are already spending extra hours training
for contest honors. On April 27 and 28
the hours between 1 and 6 p.m. will
be reserved for business executives
only. On the opening day from 1 to
6 p.m. admission will be limited to
commercial course students. It has
been the custom, said Mr. Tupper,
of Seattle and San Francisco and New
York where other such business
shows have been held to close the
commercial schools during these
hours in order to allow the students
to visit the show.

Newly formulated plans of the
business show company call for two
shows each year on the Pacific Coast,
the spring show to alternate be-
tween San Francisco and Los An-
geles, and the fall show to be held
alternately between Seattle and Port-
land.

country where the people seem to want for nothing, but expressed the opinion that it takes a good north wind to inspire a man with the determination to "do things."

Today at 1 p.m. Dr. Grenfell will speak at the Friday Morning Club and will address a meeting of the Women's Federation of Christian Workers at Trinity Methodist Church at 3:15 p.m. At 4 o'clock he will be the guest at a tea and reception at the Women's Club of Hollywood, and at 8 o'clock he will speak at a mass meeting to be held in the Hollywood Congregational Church.

Place Names in Wheel for Grand Jury Lottery.

Thirty-five names have been placed in the wheel for the 1921 grand jury panel and will be drawn out on the 26th inst., according to Judge Reeve, who will direct the jury's activities this year.

Ordinarily the grand jury is drawn on January 7, but the court postponed calling it in order to save the county the heavy expense involved, as was stated. Last year's grand jury was called about the same time in 1920 by Judge Willis.

Of the thirty-five persons from whom nineteen will be called to serve in 1921, there are six women. These names will be drawn by lot from the panel.

FEW DISEASE CASES HIT MANY STUDENTS.

SCHOOL BOARD LOSES STATE AID BECAUSE THREE PUPILS HAVE SMALLPOX.

Because there are two or three cases of smallpox in the city about 4000 pupils of the public schools and students of the University of California, southern branch, and about fifty teachers are unable to attend their classes. In consequence the school board is losing money, it was stated at yesterday's meeting of the Board of Education.

Health Commissioner Powers reported that owing to the cases discovered, he had ordered the particular schools affected to be closed to those who had not been vaccinated. Mrs. Dorsey stated that while the pupils are out, the city loses the State money allowed for their attendance, but at the same time has to pay the teachers, whose salaries go on if they are barred on account of the State law which says the health commissioner may exclude unvaccinated when smallpox develops in a school district.

Resolutions adopted by the State Board of Health and dealing with the increase of smallpox cases in the State, were received yesterday by City Health Commissioner Powers. The State board's resolutions set forth that since 1911, when compulsory vaccination of school children was stopped, the average num-

ber of cases in the State has increased from 150 a year, to about 10,000. During the five weeks preceding the last inst. 1240 cases were reported in the State. The State board and Dr. Powers join in urging that all persons be vaccinated as soon as possible.

VOTED, SO HE LOSES.

Investment Company Stock Buyer Acted Too Late, Court Rules.

Department No. 1, District Court of Appeal, yesterday affirmed the judgment of Superior Judge Taft in favor of the defendant in the suit brought by John F. Fuimale against the Los Angeles Investment Company, in a deal involving the purchase of stock of the corporation by the plaintiff.

In December, 1912, Mr. Fuimale bought 351 shares of the capital stock of the Los Angeles Investment Company, for which he paid \$1498.35, and the stock was delivered to him. He afterward asserted that false representations had been made to him, and sought to rescind the contract, but the record shows that he had participated as a stockholder in several meetings after this.

The court says that one who seeks to place himself outside the pale of the corporation under a claim of right to rescind the sale of the stock to him by the corporation, should not be permitted to enforce such right to rescind at the same time that he exercised his voting right as a stockholder.

The Symbol of Quality

Thousands have come to recognize the quality symbolized by the Globe "A1" mark, and to depend on it to guarantee the purity of the food stuffs used in their homes.

Careful selection of the finest raw materials and exact processes of manufacture carried out by careful and efficient workmen in local mills have associated quality and the Globe "A1" mark in the minds of Californians.

Based on this reputation the growth of the Globe Mills has, for over a quarter of a century, kept pace with the growth of California and been an added factor in the prosperity of the Southland.

From this organization comes Brisk—the shortening that exemplifies the "A1" quality. It is made entirely from California's finest vegetable oils, refined to an unusual degree and whipped to a convenient consistency for handling. It creams easily, gives no "shortening taste" to the most delicate pastries and is excellent for frying since it absorbs neither taste nor smell.

Try Brisk with your next sack of Globe "A1" Flour.

CASE SETTLED
OUT OF COURT.

Torrance Glass Company and

Reach Agreement After Head

Manufacturers Complained of
Unfair Dictation.

A settlement out of court has been made in the case of the Torrance Window Glass Company against Charles C. Martin, William Williams, Jacob Baladin and the local branch of the National Window Glass Workers' Association, which was to have come up for trial in the Superior Court yesterday, and in which the association was charged with having caused the Torrance plant to close for nine months, thereby preventing the loss of the local

VISITS SOLDIERS' HOME.

In order that many of the old veterans of the Spanish War might hear him speak, Commander in Chief of the United Spanish War Veterans J. K. Witherspoon, who is touring the entire country in the interests of the organization, visited the Soldiers' Home in Sawtelle yesterday afternoon. Accompanied by his wife, Commander Witherspoon was the guest at a dinner at the home and at the Odd Fellows Hall in Sawtelle. Spanish War Veterans of the home

at the Odd Fellows Hall in Sawtelle last night. During the afternoon he was shown the various points of interest about Sawtelle and the Soldiers' Home. At the reception, he spoke to the veterans who were not members of the organization, and outlined briefly the laws now being presented to Congress regarding the need for hospitals for disabled veterans. The chief purpose of Commander Witherspoon's tour is to revive interest in the organization of which he is the head. He leaves for San Diego today.

charged that the local branch of the workers' association began a campaign to prevent the company from operating until it had the permission of and a scale from the association. The company then employed men who were not members of the national association, but who had organized on the Pacific Coast the Western Glass Workers' Association, which is affiliated with the American Federation of Labor and chartered under the laws of California. The only difference between the two, declared Attorney Donovan, is that the western association allows manufacturers of window glass to operate as long as they wish. The national association, the complaint continued, intimidated and enticed men away from the company's plant, trying to compel it to accept such terms as were dictated by the association. A restraining order was issued on Dec. 8, 1920.

DAUGHTER GIVEN
HOME AND TRUST

Will of Harriman's Sister Put
on Record Here.

Son and Friend to Receive
Special Bequests.

Residue for Five Children and
Granddaughter.

With the filing for probate yesterday of the will of Mrs. Anna Inland Van Rensselaer, a sister of the late E. H. Harriman, railroad magnate, it was estimated that the estate, mentioned as being in excess of \$10,000, is valued at \$150,000. Mrs. Van Rensselaer, who made her will at Dallas, Tex., where she lived, died in Los Angeles on December 14, last. The petition for probate was filed by Attorney Thomas E. Gould.

Coronella Neilson Van Rensselaer, a daughter of the deceased, was left the larger part of the estate, being bequeathed the family residence at Dallas and a trust fund of \$60,000. John D. Clarke was bequeathed \$10,000. This was given, according to the will, as an expression of the appreciation of the deceased for Mr. Clarke's care and devotion to the interests of Mrs. Van Rensselaer. The residue was left equally to Jeremiah Van Rensselaer, Orlando Harriman Van Rensselaer, Anna Harriman, Master Katrina Ginn and Mary Frances Briscoe, children of the deceased, and Katrina Van Rensselaer, a granddaughter.

Property left by William M. Harriman, a brother, and a trust agreement given by Mary W. Harriman, widow of the late E. H. Harriman, comprises most of the estate. Because a Dallas attorney was named as executor and is unable to act as he is not a resident in this State, Mrs. Ginn, a daughter, asked that the Security Trust and Savings Bank be named as executor. In addition to other bequests, it was provided in the will that a note for \$5000, said to have been given in favor of Guy Edlie by Orlando H. Van Rensselaer, a son, be paid.

GET YOUR VICTORY MEDAL!

With the closing of enlistments in the army, the officers of the local recruiting station in the San Fernando Building, announce that a fifteen-day drive has been opened to secure applications for Victory medals from all veterans of the late war who have not yet received the insignia of service. It is hoped by the end of that time to have practically completed the distribution, as it is believed the field clerks in charge of the work will be withdrawn in the near future.

The Broadway Department Store Closes at One o'clock Every Saturday in the Year

In Los Angeles
A Quarter-Century Ago

—women who followed the current style dressed as you see them in the picture, reproduced from one illustrating fashion notes which appeared in a twenty-five-year-old copy of The Los Angeles Times. —“The old order changeth, yielding place to new,” and the pictured blouses, though then in the height of fashion, look queer to our unaccustomed eyes, and would cause much comment if worn upon the street today.

Typical of the fashions of 1896.

In 1896, The Broadway Department
Store Was Founded

—when fashions like these were a la mode; when the automobile and the moving picture were yet unknown; when Los Angeles was little more than a big “country town,” with a population of about 75,000. —Soon we are to celebrate the twenty-fifth anniversary of the founding of The Broadway Department Store with a great merchandising event, further announcements of which will appear in the Saturday Express and Record, and in the Sunday Times.

Covered in fine quality taupe mohair; full hair filled, web bottom spring; edge and back soft and comfortable—an unusually well built davenport and far underprice. A limited quantity at this price.

3-Piece Overstuffed Suite 192.50

A trio of pieces of unusual charm at a price far below what you would expect for furniture of this quality. Covered in fine velour or tapestry with deep spring filled cushions and soft arms and back. This is one of the best offerings of this remarkable sale. Price 192.50.

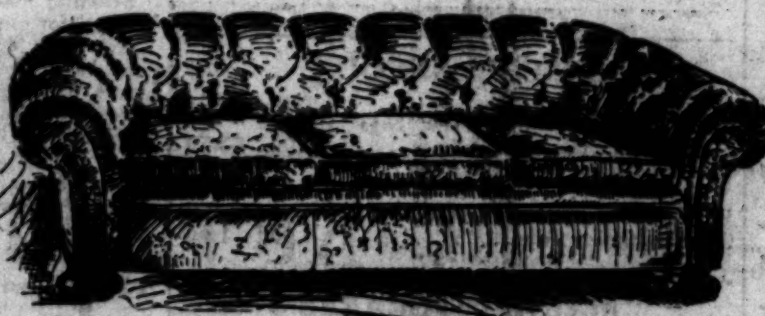

Overstuffed Velour Davenport 97.50

One has but to refer to the price of a few months ago to realize how radically the February Furniture Sale has lowered this splendid piece. At 97.50 it is one of the stellar values of the sale. Covered with velour of fine quality with deep and loose spring filled cushions and spring edge. An actual value indeed at 97.50.

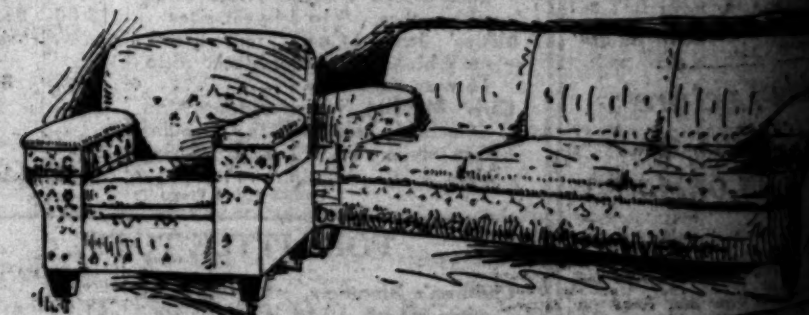

3-Piece Cane and Mahogany Suite 168.75

Another item which has attracted much attention and praise since the opening of the sale. Of mahogany construction, covered in either blue, mulberry or taupe velour with loose spring filled cushions with two back pillows on davenport. The price is only 168.75.

Beautiful Overstuffed Davenport 79.75

This davenport was a value of note at almost twice this figure, and is an attraction not to be overlooked. Covered in mulberry velour only with tufted back, loose spring filled cushions of a soft, comfortable and yet durable character. An almost unheard of value at 79.75.

Overstuffed Davenport and Chair

Built with full spring filled arms, back and seat, cushions and spring bottom and high back. Covered in either blue or mulberry velour. Priced separately. Davenport 152.50, Chair 89.75.
